

October 26<sup>th</sup>, 2020

## The twelfth Barter Week will be taking place from 16<sup>th</sup> to 22<sup>nd</sup> November

One thousand Italian B&Bs, and several hundred in 60 other countries around the world, will be offering free accommodation in exchange for goods or services.

This year, Barter Week will fall right in the middle of the second wave of Covid infection, both in Italy and, to an even worse degree, in other countries. However, if you do have the opportunity to travel, it would be a great shame not to take advantage of this accommodation at no cost.

Autumn and winter are the last section of that long tunnel that we have been travelling through for eight months now. We need to keep going, all the way through and right to the end. We hope, therefore, that Barter Week will allow many, especially those who have not been able to travel until now, to break this long journey and face the remaining stretch of the road ahead with peace of mind and a restored spirit.
